

## Join the PFAnetwork

**What is a PFA?** A Patient Family Advisor (PFA) is a person using their lived experience to influence healthcare.

**What is the PFAnetwork?** An international community of patients and families serving in the role of PFA. Members have a passion for partnership and improving health outcomes for all.

**Who Should Join?** The PFAnetwork is inclusive and open to any individual who is interested in partnering with healthcare. We strive to provide equitable opportunities for historically underrepresented groups to partner.

### Network Members Will:

#### Community

Share and learn with a community of national PFAs.

#### Skills Exchange

Develop the skills needed to be an effective partner with healthcare to improve health outcomes in your community.

#### Engagement

Connect to local, state, regional, and national projects looking to engage the patient and family caregiver voice.

Join the PFAnetwork today: [www.PFAnetwork.org](http://www.PFAnetwork.org)

### PFAnetwork Activities

**Virtual Meetings:** Monthly meetings where PFAs discuss Patient and Family Centered Care (PFCC) related topics and work together with peers.

**Online Community:** Share and learn from other PFAs across the county on our online platform.

**Skills Development:** PFAnetwork members can join skills development sessions throughout the year, at no cost. Learn how to partner with healthcare, engage in quality improvement, partner on measurement projects, and develop other valuable skills.

**Workgroups:** Join a small group of PFAs to address topics identified by the PFAnetwork members. Workgroups meet for a few months to study an issue and create a deliverable to address it.

**Engagement Opportunities:** The PFAnetwork connects its members to projects and people across healthcare settings. Those healthcare partners are looking to engage the patient and family caregiver voice.

Please tell us about your experiences, activities, goals, and interests as a patient and family caregiver. Your responses to the survey will help us support your efforts. Complete the membership survey here: [www.PFAnetwork.org](http://www.PFAnetwork.org).
